OVERVIEW

On top of your weekly teaching time, there's a lot that goes into your weekly programming. Between the décor, graphics, music, games, funny characters and sketches, take-homes, coloring pages – there's a lot to do. But here's an easy way to think about weekly programming so we can put a strategy around it: determine a fun monthly theme that complements your teaching. **Our 1-Year Programming Strategy will give you a strategic pairing between your teaching and weekly programming** that makes your weekly teaching time really come alive.
